

Zebra DNA Cloud

Harness the power of Zebra Mobility DNA in one consolidated interface.

Alongside our industry-leading mobile computers, tablets and handheld devices, Zebra offers a suite of Mobility DNA applications and solutions designed to help maximize mobile user productivity and minimize IT complexities.

Zebra DNA Cloud integrates our Mobility DNA portfolio into a single, intuitively designed interface for a more cohesive and unified user experience. Zebra DNA Cloud provides access to secure solutions that help deploy, manage and optimize every stage of their device lifecycles.

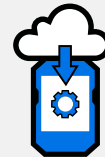

Mobility Extensions (Mx)

Tailor device settings to meet the specific needs of users in your organization.

Application management and configuration

Ensure users have access to the applications they need to accomplish their work.

LifeGuard OTA

Keep devices up to date with the latest features and security, all with a single click—and without having to physically touch each device.

Basic device details

Access critical information including Android version, battery health, serial numbers, and international mobile equipment identity (IMEI).

Simplify the lifecycle management of your Zebra mobile devices and reduce your total cost of ownership with Zebra DNA Cloud. Visit www.zebra.com/zebradnacloud for more information.
