AT-A-GLANCE LIST OF ACCESSORIES SUPPLIED UNDER ZEBRA

This list shows the accessories that may be supplied by Zebra as part of a repair for Mobile Computers under a Zebra OneCare® comprehensive support contract. If the part does not show a tick, then the accessory is not included for that model under Zebra OneCare. Customers may request replacements only for lost or damaged accessories that ship together with the Product in its original Zebra packaging. When requesting an RMA for device repair, customers must provide the part number and/or description of the required accessories. If the RMA is initiated through the Repair Order Portal, please include this information in the free text comment field. Replacement accessories cannot be requested standalone but only together with a request for repair of a malfunctioning Product that is covered under Zebra OneCare contract.
