# Putting Sustainability at the Heart of Our Products

When it comes to creating sustainable products, Zebra is committed. From company-wide global initiatives to the end-to-end product life cycle from manufacturing to retirement, our green initiatives protect the planet—and the people who make and use our products.

## Sustainable Materials

The device contains **over 45% post-consumer recycled plastic**

### Eco-friendly attributes<sup>5</sup>

- No halogens
- No mercury
- No PFO/PFOAs
- No latex
- Compliant with global RoHS requirements

### Green battery technology

- Removable, easy to recycle battery
- Reduced spare battery pool: 19 hour battery run time<sup>2</sup>, plus visibility into battery health to ensure that all batteries can hold a full charge
- Zebra Charge Manager allows more efficient charging and longer battery lifetime

### Power consumption

- Consumes 55% less energy than the US Department of Energy (DoE) required threshold<sup>1</sup>
- 25.4% lower energy consumption than the WT6300<sup>1</sup>
- Fast charging in just 1 hour, 39 minutes<sup>4</sup>
- Green Mode settings allow for intelligent limiting of power consumption across a fleet of devices
- Zebra Technologies external power supplies meet US Department of Energy (DoE) Level VI and all international efficiency requirements

### A-to-Z sustainable packaging

- Our corrugated packaging is 100% curbside recyclable
- 90% biodegradable packaging by weight
  - The cardboard box contains a minimum of 50% recycled content
  - All paper is non-bleached and contains a minimum of 50% recycled content
  - All paper inserts are made with FSC Mix certified paper

### Lower consumption of devices, accessories and batteries through maximized life cycles

Most carbon emissions occur in the raw material and manufacturing stages—the fewer devices you use, the more you reduce greenhouse gasses

- Maximized lifecycle with Zebra's rugged design
- 10 years of security: keep your devices secure every day of their long life cycle with LifeGuard™ for Android™<sup>3</sup>
- 10 years of repair and technical support: no need to retire working devices due to lack of available support<sup>3</sup>
- Compatible with the Zebra WT6300 by using replacement cups on the existing WT6300 charge base
- No lost devices to replace: Device Tracker locates devices when lost or misplaced
- Reduced spare device pool: no-cost Zebra DNA™ for Mobile Computers troubleshooting tools keep devices on-site and in the hands of your workers—instead of the service center

### Use fewer device types

Zebra solutions provide multi-device convergence—the Device has a touch screen, integrated speaker and microphone and push-to-talk capability in a small form factor, substantially reducing plastics and electronics volumes, as well as cost

## Zebra's Circular Economy provides life-cycle management of products that reduce your overall carbon impact

#### Takeback Recycling Program

Zebra offers free recycling for selected end of life devices and will provide a certificate of destruction upon request. Conditions apply

#### Device Buy-Back Program

Your end of life devices may be eligible for a device buy-back, enabling a 'green' upgrade to the next generation device

#### Certified Refurbished Device Program

Purchase or rent Certified Refurbished devices, which perform like new and may include end of life products, to meet season surges and bridge gaps to a tech refresh

#### Battery Recycling

We offer a variety of options, depending on location, from convenient drop-off locations to complete a-to-z battery management, where Zebra handles it all for you. Conditions apply

Sustainability results apply to: WT5400

1. Testing the WT5400 with a USB-C charge only cradle, in accordance with the Unit Energy Consumption for battery chargers test. 2. WT5400 Device without integrated keyboard with the RS6100 using an indoor picking profile, at 25C and a 3500 mAh battery. 3. Ten (10) years of LifeGuard and Zebra OneCare support are available from the first date product is available for sale. 4. Charging the WT5400 Device from 0% to 90% with a 3500 mAh battery and a USB charger. 5. All electronic products from Zebra may contain other trace amounts of chemicals on the IEC 62474 list of hazardous substances.
